

MEMBER MONDAY

Global Trek Aviation

Mission

Global Trek Aviation's mission is to go the extra mile so that you, the customer, do not have to.

OVERVIEW

Global Trek Aviation Group was founded on the principles of professionalism, safety, and elite customer service in 2015 by four colleagues who have been working hard ever since providing excellent assistance and services to all their customers. They have two locations: the Cardiff International Airport (EGFF/CWL) and the Belfast International Airport (EGAA/BFS), the latter of which was awarded "FBO of the Year 2019 – Northern Ireland" in the Air Transport Awards by International Transport News.

Global Trek Aviation is a high energy, vibrant, and highly experienced FBO provider at the Belfast International Airport and Cardiff International Airport. When it comes to looking after customers' needs, Global Trek Aviation goes the extra mile, so you don't have to.

Services

Global Trek Aviation is a full service FBO providing world class aircraft handling with professional, dedicated, and highly experienced teams. Operating from their brand new purpose built Executive FBO Facility at Belfast International Airport (EGAA/BFS) and Cardiff International Airport (EGFF/CWL), Global Trek Aviation is the first choice for all VIP Corporate Jets, delivery flights, air ambulance, Tech stops, and military support.

Their passion, expertise, and experience are evident when it comes to supporting customer needs. All Line Service personnel are NATA Safety 1st trained and certified in addition to having completed comprehensive company training on all areas of the operation to ensure safety and customer service are their top priorities.

Global Trek Aviation adopts the philosophy that the only way to guarantee high-end service, is to be self-sufficient, therefore all aircraft ground handling/servicing and aircraft refueling is performed in-house. This ensures a cost-effective delivery of service, at a time and manner suited to the customer.

"We joined NATA the minute the company was formed because we see NATA Safety 1st as being an industry standard that is a commitment to our clients that their aircraft operations are in safe hands at all times. NATA is the best and only organization in the world that offers this excellent service and support to the business aviation community. The new Safety 1st Training is excellent."

- Gordon Bingham
COO, Global Trek Aviation

"Global Trek Aviation is here to provide services to the business jet community, whether routing from the USA to Europe or vice versa. We can assist your operations on full stop or quick turn and every aspect of the organization is suited to you, the customer. Pricing structures are custom to your organization and I can guarantee that we are the most competitive on the market within the UK for all your FBO needs."

- Gordon Bingham, COO, Global Trek Aviation
